

Embedding a Video (Youtube, Teachertube)

1. Copy the URL of the video

2. Drag the External Video content block down onto the page.

3. Give the content block a title.

4. Paste in the video URL

External Video: Configure

Block Title

Video URL *

Paste the embed code or the URL of the page where the video is located. You can embed videos from the following sites:

☒ youtube.com ☐ video.google.com ☐ teachertube.com ☐ scivee.tv

Width *

Height *

5. Adjust the size if desired.

6. Click Save

You should now be able to see the video.

NOTE: Some videos have embedding disabled. If the video's embedding has been disabled, then the video will not show. In that case you can simply link to the video instead of embedding.
